the first book in a brand new crime series for 2025 from sunday times bestselling creator of detective jane tennison lynda la plante the husband of a prominent and infamously ruthless barrister is found in horrific condition after a robbery and brutal assault now in a coma a major investigation is launched using the newly formed experimental metropolitan police serious crime analysis unit jessica russell is an experienced csi with degrees in psychology and criminology with an exceptional masters in investigative psychology and behaviour analysis but jessica s first job as team leader of mscan is entirely new to her to bring together a team of three trusted officers between them the team has dealt with every kind of murder and major crime scene their expertise ranges from forensic dna to blood spatter analysis digital forensics and beyond now they must piece together the complex puzzle at the heart of this brutal crime if it was a robbery gone horrifically wrong what was so important to have been stolen praise for lynda la plante the uk s most celebrated female crime author daily mail dc jack warr is clearly destined for higher things peter robinson lynda la plante practically invented the thriller karin slaughter la plante excels in her ability to pick out the surprising but plausible details that give her portrayal of everyday life in a police station a rare ring of authenticity sunday telegraph

a crucial question in the analysis of legal practices concerns the processes of identification with in and as law a question of how and by what route law achieves its ends while it is conventional to interpret the practices of law through the institutional sources of the legal tradition the scene of violence considers how law and legal practices figure in the cultural field and specifically in film

this book argues that freud s mapping of trauma as a scene is central to both his clinical interpretation of his patients symptoms and his construction of successive theoretical models and concepts to explain the power of such scenes in his patients lives this attention to the scenic form of trauma and its power in determining symptoms leads to freud s break from the neurological model of trauma he inherited from charcot it also helps to explain the affinity that freud and many since him have felt between psychoanalysis and literature and artistic production more generally and the privileged role of literature at certain turning points in the development of his thought it is freud s scenography of trauma and fantasy that speaks to the student of literature and painting overall the book develops the thesis of jean laplanche that in freud s shift from a traumatic to a developmental model along with the undoubted gains embodied in the theory of infantile sexuality there were crucial losses specifically the recognition of the role of the adult other and the traumatic encounter with adult sexuality that is entailed in the ordinary nurture and formation of the infantile subject

crime scene investigation involves the use and integration of scientific methods physical evidence and deductive reasoning in order to determine and establish the series of events surrounding a crime the quality of the immediate crime scene response and the manner in which the crime scene is examined are critical to the success of the investigation evidence that is missed or corrupted by incomplete or improper handling can have a devastating effect on a case and keep justice from being served the practice of crime scene investigation covers numerous aspects of crime scene investigation including the latest in education and training quality systems accreditation quality assurance and the application of specialist scientific disciplines to crime the book discusses a range of basic and advanced techniques such as fingerprinting dealing with trauma victims photofit technology the role of the pathologist and ballistic expert and signal processing it also reviews specialist crime scene examinations including clandestine laboratories drug operations arson and explosives
